Amboy, California, et al.
Notice of Address for Service of Documents

Dear Ms. Dortch:

We represent Infinity Radio Operations, Inc. ("Infinity"), licensee of KMXB(FM), Henderson, Nevada. The Counterproposal of Cameron Broadcasting, Inc., filed in the above proceeding on July 15, 2002, proposes to change the operating frequency of KMXB(FM) (erroneously called KMBX in the Counterproposal). Infinity therefore is an interested party in this proceeding.

By this letter, we respectfully request that all parties and the Commission serve copies of documents in this proceeding on Infinity's undersigned counsel at the address on this letterhead. Several parties have previously served Infinity at an address other than the address for the Licensee currently on file with the Commission.

Please contact the undersigned if there are any questions concerning this matter.

Sincerely,

Howard A. Topel
